 - b) Registered Pygmy goats 6 months and older without a legible breed registry tattoo must have a USDA scrapie tag applied to their ear. Scrapie tags affixed to a neck chain will not be considered in compliance.
 - c) Pygmy goats under 6 months without a breed registry tattoo must utilize an official USDA scrapie tag either placed in the ear or affixed to a neck chain with breed registry number written on the reserve side of the scrapie tag in indelible ink.
